Did you enjoy your experience playing this level? ~~Yes~~ / No

What did you enjoy about the level?

It was fun. I liked the maze and most of the enemies did not give me any trouble. Quest was interesting and made me excited to go on my mission. Nice atmosphere and setting.

What did you dislike about the level?

Centaur enemy was too strong. Lighting in a few places was too dull. I often overlooked passage ways because I could not see them. I could not kill Norman and take back the Holy Grail.

What changes (if any) would you suggest regarding this level?

Move Norman to the front of the dungeon.

Let me kill Norman and take back my prize so I can complete quest and get exp and keep the potato.

Some of the lighting could be a tad better.
